I have been treating Mr Chang
at the psychiatric clinic since 2/19/93.

Dx: Generalized anxiety disorder 300.02
Dysthymia 300.4

His current meds are Zoloft 150mg/day
+ Lorazepam 1mg 3 times a day & one
at night if necessary. He has been on
these meds since at least 2005.

Sincerely,

Steve Hany MD
